

## QUALITY & ENVIRONMENTAL POLICY

This quality and environmental policy defines the way in which Clancy Consulting will consistently meet its expected outcomes regarding Quality and Environmental performance.

It is company policy that our activities, products, and services satisfy customers' needs and expectations and enhance our environmental performance.

We will protect the environment through preventing pollution, and minimise the Impacts of our environmental aspects whilst meeting the requirements of ISO 9001:2015 and ISO14001:2015.

It is company policy that we will fulfil our compliance obligations regarding statutory, regulatory, and other requirements to which we subscribe. We will set appropriate objectives for improvement (normally at Management Review), whilst considering which areas of our activities, products, and services we can either control or influence considering a life cycle perspective.

Our overriding objective is the continual improvement of our management system. In this way, we intend to enhance our environmental performance, our customer satisfaction, and the satisfaction of any interested parties. This policy is published on our web site, and is available to any interested party.
